About

Recent Iron Yard graduate and native Houstonian, I am a web developer who enjoys everything about code. My objective is to further my career by obtaining a position that offers opportunities for professional growth and achievement. Beyond the web, I am constantly finding inspiration in my hobbies, such as online gaming, sports, and music.

Skills

Javascript	jQuery	React	MongoDB
HTML5	Git/Github	Backbone	Node.js
CSS3/SCSS	Heroku	Mongoose	Express.js

Web Applications

Crumb / Household expense sharing app

A way for roommates, or just any group of friends to easily keep track and manage expenses. Along with great visualizations and personalized charts, Crumb allows members to be more financially responsible.

Education

The Iron Yard / Front End Engineering

2017, Houston, TX

Houston Community College / Business

2010, Houston, TX
